8 REPORTS FROM STAFF

City Administrator Weiberg had no report.
Recreation Director Peterson had no report.

Library Director Lammi had no report.

Public Works Director Snetsinger talked about the first water main break of the year, which was early but not unusual. He mentioned that even though there was no frost in the ground, it seems that rapid temperature drops seem to be a culprit. Director Snetsinger also wanted to point out that it is plowing season, so if residents have items by the street such as basket hoops, it's time to remove them so they do not affect plowing.

EMS Director Olmstead let everyone know the new ambulance is in service, but they are working through some bugs with it yet.

City Attorney Joel Lewicki had no report.

9 REPORTS FROM ELECTED OFFICIALS

Councilor Grams had no report.

Councilor Jarvela – had nothing to report at the time but later asked about burning the brush pile at the recycle center rather than having it chipped and hauled away which would save the city money. Director Snetsinger provided a history on how it came to be and would also be in favor of it. However, the pile is directly over a natural gas line and would have to be moved. It was decided to investigate it further and see how far away from the gas line it needs to be.

Councilor Eckman announced the Fire Department's Christmas party will be held on December 17th this year.

Councilor Mathison had no report.

Mayor Scott talked about the meeting between the Hoyt Lakes Focus Group and Northshore Development Group regarding the assessment they performed on current and future housing needs.
